VOLUMNIC PHENOMENON IN THE PACIFIC Istanna,-The Honolulu Commercial Adver-I ser gives the following acc ant of the strange ej ectacle of the submerging and uprising of the l land in the burning crater at Kilanca, in Decinber last. The same phenomenon occurred n June last, with the difference that it then 'isappeared for several days, and was restored y the sponting liquid lava:

I was at Kilanea on the 9th and 10th inst. There was much action in the great cauldron of Halemonman. Mother Pele was bolling up the rock-soup with vehemence, as if preparing for a rain of young volcanoes. Beside this raging lake, I saw seven other fires at different tabulation the cruster. One lake was boiling raging take, I saw seven other fires at different joints in the crater. One take was boiling most intensely, about a mile from the fountain take in a northwesterly direction. The natives tald me that, a day or two previous to my arrival at Kilauea, a jugged cone, of the size of a church, and forming an elevated island near the centre of the igneous take, became so undermined by the latense boiling of the fusion along its apparent base, that it fell over, and was suburerged in the fiery abyse; but that was subuserged in the flery abyse; but that, after a little time, it rose a rule, like a whale from the deep, and shook cataracts of mollen minerals from its buring brow. In the Senate, an act (already pass a to Hune) increasing the salary of the R. elerk in the land office to \$1.00, and of the judges of the Court of Appeal to \$3. In the House, a bill passed increasing the salary of the Assistant Auditor to \$1.00. and increasing the allowance to the Auditor for clerk hire \$1.0. And the vote by which the bill to increase the compensation of the Superintendent of Public Instruction was rejected a few days since, was reconsidered, as we expressed the hope it would be, and was made the special order for to-morrow at 10 A.M. The House also passed a bill appropriating \$1.000 to repair the locks and dams in the 00 to repair the locke and dams in the
